TOTAL (not to exceed \$10,000)			\$ 0	

Subtotal for Outreach/Engagement \$ _____

Capacity Building Projects – Up to \$5,000

Develop a waste reduction or recycling project that your organization is uniquely qualified to execute.

These tailored projects are proposed by BizRecycling Partners and approved by BizRecycling staff. Preferred projects include those that increase business organics recycling implementation by easing the purchase of compostable products, building waste hauler route density, or increasing participation in the Food Scraps Pickup Program or assisting on other areas of the county's Solid Waste Plans as directed by staff. Provide detailed project narrative below:

Subtotal for Capacity Building Projects \$ _____

Results-Based Incentives – Informational Only

These incentives are tracked throughout the year and awarded at the end of the year based on the number of site visits, grants, and member social media posts confirmed. Total incentive payouts are capped at \$10,000. Partners should track incentives internally on their referral and incentives tracker. Incentive payouts will be confirmed by BizRecycling Technical Assistants.

- Site Visits – \$200 per BizRecycling site visit
- Grant Awarded – \$300 per BizRecycling grant
- Multi-Unit Residential Bonus - \$300 per BizRecycling grant that is awarded to a multi-unit residential property
- Organics Bonus - \$300 per BizRecycling grant that includes a new organics recycling service.
- Members post on social media about BizRecycling - \$200/unique post up to \$2,000

Partner Grand Total \$ _____ 5,000

\$5,000 is paid up-front following completion of Partner contract. The remaining Partner funding is paid in quarterly intervals as Partners verify the completion of activities and incentives.
